Experience

Asana   Jul 2019 - Present

AI Experiences | Senior Software Engineer (Fullstack)
- Contributed to Asana's first set of LLM-powered features by onboarding to prompt engineering

Individual Adoption | Senior Software Engineer (Fullstack)
- Worked across the stack to build various experimental features, like "recently online" indicators
- Led three engineers to implement tabs in our Electron-based desktop app
- Embedded with a sister webapp team to help a major initiative (Gantt views) meet deadlines
- Mentored two interns and an apprentice

Mobile Communications | Software Engineer (Mobile)
- Led a team of three engineers to build inbox bookmarks based on my hackathon project
- Introduced monthly tech talks to an organization of 30 engineers
- Managed mobile on-call and release processes

AWS Snowmobile | *Software Engineer Intern*   May - Aug 2018

AWS Thinkbox | *Software Engineer Intern*   May - Aug 2017

T2 Systems | *Embedded Software Engineer Intern*   Sep 2016 - May 2017

Education

University of British Columbia   2014-2019

Bachelor of Science, Computer Science & Mathematics
